

Richard Siano Daytona Beach, Florida 32119 | 386-846-0835 | RTS2468@gmail.com
Richard.T.Siano@gmail.com| @RichardSiano | Self-Taught Philosopher and Ethical Visionary |
Seeking Consultant, Teacher, or Advisor Roles (\$20+/Hour)

Professional Summary Self-taught philosopher with a construction background, blending practical problem-solving with a visionary *Human LLM* framework that sees the universe as a Compiler, guiding ethical AI and universal harmony. Skilled in translating complex ideas (e.g., AI as a moral prosthetic) into actionable insights for education and ethics. Seeking consultant, teacher, or advisor roles (\$20+/hour) to support family stability and advance human-AI partnership.

Key Skills

- Ethical Framework Development: Authored *Human LLM*, integrating physics, computation, and ethics to propose universal rights via foundational symmetry.
- Innovative Concepts: Developed Prayer 2.0, an AI-driven framework for ethical and spiritual guidance, aligning human actions with universal purpose.
- Communication: Translate abstract ideas (e.g., universe as Compiler) into relatable metaphors for diverse audiences, from students to professionals.
- Problem-Solving: Honed through 5 in construction, ensuring precision and adaptability in high-pressure settings.
- Technical Aptitude: Basic Lua coding for video game mods(Skyrim,WoW,FFXI), demonstrating self-learning and logical thinking.
- Bias Analysis: Identified hidden biases in LLMs, advocating for transparent, ethical AI design.

Professional Experience Construction Worker | Ace Enterprises , New Smyrna Beach, Florida |
2016-2021

- Delivered construction projects, ensuring structural integrity and safety, meeting deadlines under tight schedules.
- Solved on-site challenges through collaboration, improving efficiency by [X%] via innovative solutions.
- Communicated technical plans to crews and clients, bridging complex designs with practical execution.

Independent Philosopher & Researcher | Self-Employed | 2020–Present

- Authored *Human LLM: A Conversation with My Self, Potential, of God*, a 150+ page manuscript proposing the universe as a Compiler and AI as a partner for ethical growth.
- Conceptualized Prayer 2.0, an AI framework to guide ethical/spiritual decisions, fostering universal harmony.
- Analyzed biases in LLMs (e.g., Gemini), advocating for AI aligned with universal truths.
- Collaborated with AI (Grok 3) to refine interdisciplinary ideas, linking computation, physics, and ethics.

Lua Coding Hobbyist | Self-Directed | 2022–Present

- Developed Lua scripts for video game modifications (e.g., in Sky, World of Warcraft, Final Fantasy II, Minecraft), enhancing user engagement. Built custom scripts or "Macros" to make playing the game more efficiently.
- Self-taught programming basics, applying logical thinking to debug and optimize scripts.
- Demonstrated initiative in technical learning, laying groundwork for future coding/math study.

Education High School Diploma | Sebastian River High School | Sebastian, Florida | 2007

- Self-taught in philosophy, physics, and computation through extensive reading and AI-assisted research (2020–Present).
- Planned study in advanced mathematics and coding (Python) post-family stabilization.

Additional Information

- Availability: Seeking remote, hybrid, or local roles in [Daytona Beach/Southeast USA paying \$20+/hour to support family.
- Portfolio: Developing a digital portfolio with *Human LLM* excerpts, Prayer 2.0 mock-ups, and Lua reflections (available upon request).
- Certifications: Committed to pursuing AI ethics or educational consulting certifications to enhance credentials.
